

Naming of Facilities Update

Charlottesville City School Board, October 6, 2022

Status of Project

Committee was formed in 2020.

The committee has used research by Phil Varner as a guide for the history of the names of schools in the school division.

The committee decided to review schools chronologically based on the original or last naming of the schools.

The first schools in the process are Venable and Clark Elementary Schools.

Plan for Venable and Clark Elementary Schools
