City Revenue

FY 2022
Budget

The City is experiencing revenue shortfalls and uncertainty.
Any increase in property tax revenues is expected to be off-set by losses in meals & lodging taxes.

Recommendation:

Leverage CARES funding

*to maintain valued programs & address pressing student needs
in a way that also allows time for the City to recover & stabilize revenues*

Summary & Next Steps

Charlottesville City Blue Ribbon Commission on Sustainable Schools Funding

It is difficult to estimate the size of the year-to-year funding gap going forward but it appears to be somewhere between \$2-4 million a year. The size of the gap will depend on how the city economy fares, how property assessments change, what happens to school costs and whether the state and federal governments step forward to re-assume a greater share of school costs. There will be inflation and other factors that will continue to drive school costs higher in the coming years even if no new major programs or facilities are added.

City Support for Schools

City additional appropriation for Schools from FY 2015 to FY 2020 ranged between \$1.5 to \$3.8 million (average annual increase \$2.3 million)

City funding is the foundation & key for CCS programming & services.

COVID-19 has had significant and far reaching impacts on CCS Students emotionally, academically and economically. Staff have been working harder than ever to address student needs in the midst of ever changing challenges.

CAUTION: The proposed budget leverages one-time/non-recurring CARES funds to address the most pressing needs and allows time for City revenues to cover. It will be essential for the City to start providing additional allocations starting in FY 2023 to off-set these proposed uses of CARES funds or future cuts to services will be required.

Any additional appropriation from the City for FY 2022 would start the process of reducing dependency on one-time (non-recurring) funds.

2% Raise for Teachers & Staff

- Keeps with budget priority – Recruit and retain highly qualified teachers and staff
- Follows the Governor’s Proposed Budget – 2% bonus for SOQ instructional and support staff
- Shortage of Qualified Teachers – The Pandemic crisis has magnified the teacher shortage issue both in terms of the number of staff and the need to provide greater flexibility in terms of what teachers can and cannot teach.
 - Virginia’s National income ranking of 12th (JLARC). Virginia’s Average Teacher Salary of \$55,212 is ranked 32nd in the Nation; if moved to a National ranking of 12th, average salary would be \$66,552 (NEA).

Head Custodian Pay Scale

Current differential between regular & head custodian is \$608 at step 0 and only increases to \$2,378 at step 28, then jumps up to a differential of \$7,519 only at step 29.

Proposal more appropriately recognizes the additional Head Custodian responsibilities regardless of step

All head custodians benefit from this proposal. Average increase for current head custodians on their currently occupied steps is \$5,054.

Cost for Proposed Scale Adjustments \$49,963
