Background

Strategic Plan: Safe and Supportive Schools

Our learning communities will promote social, emotional, and physical wellness in facilities that are safe and conducive to learning

We have a need to provide alternatives to suspensions and provide social emotional supports in an environment that supports the learning needs of all of our students.

Program Goals

1. Provide options for students who, for a variety of reasons, are not thriving in the comprehensive school setting.
2. Provide an environment that helps to create a successful pathway to graduation.
3. Provide flexibility, intensive behavioral supports, self-regulation, social and emotional supports, and intensive instruction and remediation.

Placement & Admission Criteria

- Behavioral Support, SEL Support, and/or Mental Health
- Evidence of Tiered Supports (Interventions)
